

PRODUCT DATASHEET

PSR250 Portrait Silk Raster

Technical data:

Weight	250 g/m ²
Thickness	230 μ
Opacity	93 %
Storage	15-30 °C (40-60% RH)

Description:

This bright white portrait paper in classical photo paper thickness was specially designed and enhanced to satisfy professional demands. It has a special silk screen surface, guaranteeing the best possible reproduction of challenging photo motifs, very similar to photos developed in a classical laboratory. This makes the PSR250 paper ideal for creating top-quality portraits and art prints. In addition, the screened surface provides an effective protection against unwanted scanning, making it difficult to create duplicates.

Sizes

Sheets	Rolls	Core	Rolls	Core
10 x 15 (102 x 152 mm)	20,3 cm x 30 m (8")	3" *	91,4 cm x 30 m (36")	3" *
